FIRST IN SERVICE TO READERS ANTIOCH, ILLINOIS

THURSDAY, OCTOBER 21, 1943

FIRST IN RESULTS TO ADVERTISERS NUMBER 11

Registration For Book No. 4 Reaches 1,662

Today's and Friday's Totals Expected to Increase List Considerably

Registration for ration books, which is being conducted at Antioch Grade school through Friday of this week, is the heaviest yet. It was reported this morning by the staff of volunteer workers in charge.

Up to Wednesday evening, 1,662 books had been issued to residents of the village and nearby communities.

Registrations today and tomorrow are expected to increase the total greatly.

From 2 to 8:30 p. m.

Registration hours are from 2 to 8:30 p. m.

Commencing Tuesday, when registrations for War Ration Book No. 4 were begun, pupils have been dismissed for the day at 12 o'clock noon.

Golden Jubilee Is Celebrated by Masons Tonight

Three Charter Members to Be Honored at Anniversary Dinner

Three charter members of Sequoit Lodge No. 827, A. F. and A. M., Sol La Plant, Ira M. Simons and J. C. James, will be honored this evening at the Golden Jubilee banquet to be held in the Masonic temple.

While some of the past worshipful masters who have served the lodge during its 50 years have passed away, a majority of them are still living and it is expected that many will be present tonight to join in the semi-centennial observances.

The lodge's charter was granted Oct. 4, 1893.

"Successor" to Earlier One

Sequit lodge is, in actuality, the second Masonic lodge to be founded at Antioch.

Antioch lodge, of Millburn, was founded 90 years ago, but was removed to Millburn after some years and has since continued there.

However, with the continued growth of Antioch community, interest in having a separate lodge here became keen in the early 1890's, and a charter was secured in the fall of 1893.

FARMERS NEED RECORDS TO GET AAA PAYMENTS

Sales slips or other records of their sales of whole milk or butterfat must be kept by farmers, commencing Oct. 1, in order to share in the benefits of the payments to dairy farmers under the recently announced dairy feed program, according to A. C. Faulkner, chairman of the Lake County Triple-A committee.

He states that farmers will be asked to supply these records to the AAA office for use as a basis in computing payments. Accuracy in keeping the records is important, he emphasizes.

"The payment rates for Illinois will be 30 cents per hundredweight for whole milk and 4 cents for butterfat in all counties north of and including Henderson, Warren, Knox, Peoria, Woodford, Livingston, Ford and Iroquois. They will be 35c per hundred weight for milk in all counties to the south. Payments for butterfat will be the same in all counties."

Compensates Feed Increases

This program is designed to protect the farmers against increases in the cost of dairy feeds, including hay, which have occurred since September 1942, according to Lee M. Gentry, chairman of the Illinois Agricultural Conservation committee. The program as now established is expected to operate from Oct. 1 to Dec. 31, 1943.

It is anticipated that the first payments will be made to cover October sales. The exact date of the initial payments will depend on the availability of administrative forms. Payment procedure is expected to be relatively simple, with checks being drawn by the Lake County AAA office for redemption at local banks. Exact details will be available soon at all AAA offices, Faulkner says.

Payments for butter sold as butter will be made at 80 per cent of the butterfat rate. Cream sold for consumption as cream will receive a payment of 20 per cent of the butterfat rate.

Sportsmen Are Invited to Attend Meeting of Lions

In the belief that sportsmen of the community who are not members of the club might find Monday evening's program of special interest, the Antioch Lions are extending an invitation to them to attend. Reservations for the 7 o'clock dinner, to be served at Ray Prenger's resort on Grass Lake, may be made by telephoning Antioch 440.

Motion pictures loaned through the courtesy of the Illinois department of conservation will be shown, and a speaker from the department is to be present.

The pictures deal with various aspects of conservation work carried on by the department and with the wild life native to Illinois, or acclimated, as in the case of pheasants, which it is attempting to foster for sportsmen and nature lovers of this and future generations.

News of the Boys in Service

Pvt. Robert Elfering, who has been stationed at Camp Forrest, Tenn., arrived home Friday to visit his parents, Mr. and Mrs. Felix Elfering, Route 2, Kenosha (northeast of Pikeville). He has to be back at Camp Forrest by Oct. 28.

"Bob," who attended Antioch Township High school and has many friends throughout this region, has been in the service since a year ago the last of October. A brother, Felix, is at present at Carson, Colo.

Bob was a visitor at the Antioch News office Wednesday morning.

From Pvt. Louis Meade, Nashville, Tenn.—"Is Howard Gaston still there? If so, tell him I hope he's winning some 'pot games.'"

"You know, these maneuvers aren't bad. What hurts is the cold mornings."

"If you see Burt Anderson, tell him I am very sorry to hear about his daughter. I am sure she will be well soon."

Editor's Note:

Antioch News, Antioch, Ill.

October 20, 1943.

From: Howard Kelley Gaston, Antioch News.

To: Meade, Pvt. Louis, U. S. A.

Reference: Your letter Oct. 16, 1943

Subject: My bowling game

Present Status: Dubious

Future Status: To be improved.

Signed—HOWARD KELLEY GASTON

Officer-of-the-Day

(Every Day)

—V—

"I thought that I was busy at Camp Lejeune. That was a turtle race compared to here," W. C. Blumenschein writes from Quantico, Va., where he has been entered in the candidate class.

"However, the class and field work, and the methods of instruction here are tops. If this is a sample of the basic instruction of all our armed forces—and I'm sure it is—our enemies are in for the beating of their lives (may their lives be short!)." —V—

Lt. Elizabeth H. Corrin is now stationed at Denver, Colo., with the Army Air Force Western Technical command.

Pvt. Russell Barthel arrived here Sunday on furlough from Camp Stewart, Ga. He was called home by the illness of his mother.

Cpl. Betty Grimes, WAC, who has been stationed in San Francisco, Cal., has been promoted to sergeant.

Pvt. Thomas W. Brett left Tuesday to report for duty with the army air corps at Jefferson Barracks, Mo. His parents, Mr. and Mrs. Frank M. Brett of Channel Lake accompanied him to Chicago, and visited their daughter, Mrs. John L. Rackow, Oak Park, before returning here. Pvt. Brett celebrated his eighteenth birthday this September.

—V—

Robert H. Bemis of Glenview Naval Air station recently received a second class aviation electrician's mate rating. He was also granted a five-day leave, which he spent here.

Charles L. Anderson, who is stationed at Dalhart, Texas, has been promoted to staff sergeant. Charles is a radio operator, mechanic and gunner in the army air force.

—V—

Lt. (j. g.) Ted C. Larson, who has just been promoted from Ensign, lets us know that:

"Being away from Antioch for almost a year is a long time... not to mention being away from the United States."

J. B. Fields' Death Is Shock To Community

Passes Away at Hospital in Waukegan Early This Morning

Residents of the community and others of the legion of friends he made during his lifetime were saddened early this morning by news of the death of John B. ("Bernie") Fields at St. Therese hospital in Waukegan, where he had been for the past few weeks for treatment and an operation.

Plans for funeral services are being withheld until word from a son, Jack, who is in service in the navy and is attending Newbury college in South Carolina, can be received.

World War Veteran

Fields, who was 48, was a veteran of the first World War and a member of the Antioch Legion post. For many years proprietor of "Bernie's tavern" at 899 Main street, he gave support to all projects for promoting the business interests of the village and has also aided all local projects for the benefit of the war effort.

He is survived by his wife, who before their marriage at Antioch Mar. 27, 1924, was Miss Antoinette Smart; by their sons, Jack and James, and two daughters, Kathleen and Mary.

His parents, Mr. and Mrs. E. E. Fields of Antioch, who came here from Chicago, where he was born May 27, 1895, also survive, as do two brothers, Ralph and Clyde.

He had been in poor health for some time, but his death came as an unexpected shock to the community.

Local Directors Are Re-elected by Red Cross Chapter

Holbek and Mrs. W. Marks Continue on Board of Lake Co. Unit

Herman Holbek of Antioch was elected a member of the board of directors of the North Lake County chapter, American Red Cross, in its annual meeting Tuesday evening in the new headquarters in Waukegan. This will be his third year of service.

Mrs. William M. Marks of Lake Villa was also re-elected. In tribute to her outstanding work over a number of years in behalf of the Red Cross.

Change Name

At the meeting it was voted that the chapter, previously known as the Waukegan-North Chicago and Northern Lake county chapter, be henceforth known as the North Lake County chapter.

Units in the southern part of the county are included in the Chicago chapter.

The territory within the jurisdiction of the North Lake County chapter includes Avon, Antioch, Grant, Benton, Newport, Lake Villa, Warren, Waukegan and Zion townships and that part of Shields township up to and including Great Lakes-Naval station and Veterans' Hospital No. 8, at Downey, Ill.

Headquarters are in the old post office building in Waukegan.

In addition to the official change of name, a revised set of by-laws designed to meet present day and future conditions was adopted.

Mrs. Carrie Smith Dies at Age of 76

Services Are Held Wednesday for Life-Time Resident of Community

Mrs. Carrie L. Smith, who came to Antioch as a child from New York state and was a life-long resident here, passed away Sunday in the Lake County General hospital, at the age of 76. She was the widow of the late Jerome Smith, a contractor.

Final services were held Wednesday afternoon in the Strang Funeral home, with the Rev. W. C. Henstee of the Antioch Methodist church officiating.

Survivors include two sisters, Mrs. John Cobb of Antioch, and Mrs. Josephine Winslow of Waukegan, and several nieces and nephews. A son, Milton, died several years ago.

A BOOMING BUSINESS

"Homecoming" Starts With Parade Today

Bonfire Tonight; Highlights Friday Are Northbrook Game and Dance

A parade at 4 o'clock this afternoon was the prelude to Antioch Township High school's annual Homecoming, which will feature a game with Northbrook's football team at 6 o'clock Friday afternoon.

Joseph Nader has been chosen king of the Homecoming festivities, with Shirley Harness as queen, and a court of honor consisting of Joanne Saylor, Georgia Riedel, Louise Elms and July Prenger.

A bonfire and pep rally will be enjoyed this evening in the Antioch village park, weather permitting.

The high school auditorium is to be appropriately decorated for the homecoming dance Friday evening at 8 o'clock.

The dance will be open to people of the community in general, as well as to students; "old grads" back for homecoming, and parents and friends.

Duck Shooters Fail to Bag Usual Quota of Hunters

Rescue Squad Has Quiet "Opening Day"; One Call for Minor Injury

There was a time when the Antioch Rescue squad could count on four emergency calls the first day of duck hunting season, with what almost amounted to mathematical certainty. This year, there was only one call Friday morning, for a Chicagoan, R. A. Jones, who received a powder burn from a gun blast and was brought to the office of Dr. Irving Breakstone in Antioch for anti-tetanus treatment.

Fair bags of ducks and mudhens were reported from Grass and Fox lakes and from the many smaller waterways frequented by hunters.

This year, for the first time in the memory of veteran hunters, shooting was permitted one-half hour before sunrise.

"Too Early," Say Veterans

While this innovation was hailed by some, it was regarded by a number of veteran resort owners as inadvisable.

"Visibility is too poor for safe shooting, that early in the morning," was the opinion passed on to the News by several "and the early light is too deceptive. You get a guy who is 'trigger-happy,' as they say in the armed forces, and he'll be shooting at anything that moves."

Several thousand hunters were on hand for opening day. A fair number have been out each day since then, and Friday and Saturday promise to be fairly big days.

The season for upland game will open Nov. 11. The pheasant season will continue through Nov. 20, the quail season through Dec. 11 and the rabbit season through Jan. 31.

Tenth Annual Halloween Fete Being Planned

Costume Parade and Movie Party for Children to Be Held Oct. 30

Antioch's annual Halloween party, which has delighted hundreds of children in years past (and grownups as well), and has been emulated in many other communities, will be held Saturday evening, Oct. 30, for the tenth annual time.

The Antioch Grade school, Antioch News and the Antioch theater will as in past years, be co-sponsors.

The Antioch Lions club some years ago took charge of donations for prizes, which at the start had been furnished by business concerns of the village, and is donating \$25.00 for this purpose this year.

Parade to Open Party

A costume parade down Main street at 6:30 o'clock will open the party. The grade school children and preschool children taking part in the parade will then adjourn to the theater, where costume prizes will be awarded and a motion picture program furnished through the courtesy of Fred B. Swanson, manager, will be shown.

The costumed and masked participants in the parade will be admitted to the theater free of charge, as has been the previous procedure.

Legion Requests Full Information For Mailing List

All Details on Addresses Are Desired; Paper Now Goes to 430

Every effort is being put forth by the Antioch American Legion committee and the Antioch News staff in trying to keep up to date and complete the mailing list which is used weekly in sending the Antioch News to the boys and girls in the military service from Antioch and Lake Villa townships.

Splendid co-operation has been received from those in the service and from their relatives, as well as from postal authorities and, in many cases, from Army and Navy post offices, in making up this list.

Co-operate with Post Offices

"The fact that second class mail matter, which covers newspapers and magazines, does not have first handling with the post office mailing services is one of the big reasons why it is very essential that the addresses of service men be correct and so arranged as to be easily readable," says John Horan of the local Legion Post, who has been devoting considerable time each week to working on the lists at the Antioch News office and in his card file.

"Full name and service title, serial number, and all details pertaining to company, battalion, camp, city and state, or service post office, should be included," he explains.

"The mailing list to date has reached 430, and with the holidays coming, the Legion and the Antioch News are anxious to make sure that the paper reaches its destination."

"Some 50 names of those from Antioch township have been turned over to the printer to be placed on the Honor Roll sign in the Village park. The sign as it now stands will not hold all of the names, and it will be necessary to add to it in order to have enough room."

Building Fund Dance Is Expected to Clear \$85

While complete reports on the American Legion dance last Saturday evening in Antioch Township High school will not be available until the Legion's business meeting this evening, the organization expects to clear about \$85.00 for its building fund, according to Commander Floyd Horton.

Old time and modern dancing to music by the "Wilmot Players" was enjoyed by the large crowd attending. Refreshments were served by the Legion auxiliary.

Building fund money is being invested in War bonds by the Legion.

tees Frank Powles, Arthur Rosenfeldt and Walter I. Scott represented the village board at the thirtieth annual Municipal League convention in Peoria Oct. 12-14.

The
Observer

Another leak in the village water main in front of the Antioch Milling company office was discovered and repaired this week by the street department. The leak was about six feet north of the one repaired a few months ago.

The Lord Recruits a Good Gunner

There are some newspaper stories that are hard to write; some for which adequate words can scarcely be found. Such a story was the announcement last week confirming the death in action of Staff Sergeant Walter C. Edlmann, gunner on a bombing plane of the U. S. Eighth Air Force command.

Sgt. Edlmann was 18 when he joined the army—only about a year ago. His young life had scarcely begun. It is with deepest respect that we say of him, and of many another fine lad like him—"They truly gave their lives for their country."

Mingled with the thought of his death, in our mind as we wrote the few paragraphs that told of his passing, was the thought of the holocaust that was bombed Hamburg. "No living persons," said the writer of one article, "could have survived in that area." Almost at the same time, we were reading the headlines telling that U. S. Forces had bombed Wake Island. It was with something of a shock that we realized it was not so long ago when we were reading of the sufferings in London under the blitz—and of the heroic, incredible resistance of the Marines on Wake Island under the onslaughts of the Japanese.

It seems as though the wheel of war is turning, full circle. But the suffering and sadness of war are constant.

We believe that the great General MacArthur spoke deep truth when he said the other day, commenting on successful action in the Pacific, "Almighty God has blessed our efforts."

There is something more than the power, or might, or wealth, or efficiency of America shown in the astounding spirit, the sometimes incredible achievements of her men—yes, and of her women, too.

And that is the deep, earnest conviction of right. No greed for plunder, no blind hatreds, no fantastic conceptions of a super-world-ruling race brought America into the war. With all her faults—and we know they are many—we can still be proud of our country and its defenders.

We shall be less than worthy of them if we do not try to build—not after the war, but starting right now—a better and a finer America, and if we do not sincerely try to aid all nations in building a better, a kinder, and a more honest world.

And if the Supreme Commanding Officer of all

destiny has need for a gunner, we think he'll find Sgt. Edlmann truly a "good man."

Courtesy Isn't Rationed

A famous university issued a bulletin not long ago, calling the attention of merchants to the fact that there have been bitter complaints in general from the public with regard to the attitude of clerks.

Here in Antioch, as in most small towns, the public is fairly fortunate in this respect, for courtesy is the rule rather than the exception.

In crowded defense areas the buyer is not always so considerably treated.

"Don't you know there is a war on?" is the stock answer to most questions. And it is repeated, ad infinitum and ad nauseum.

One woman who has near and dear members of her family in fairly dangerous occupations in the armed services was overheard to remark the other day, "If I hear one more person ask me that question, I'll—Well, I don't really know just what I WOULD do—but God knows, I have at least as much cause as any one else to know there is a war on. I don't believe in 'hoarding' stuff, and if I'm not able to buy what I want, well and good. But I still reserve the right NOT to buy things I DON'T want!"

Rationing and scarcities are with us, and probably will continue to be with us for quite some time. We would be more than human if we didn't exercise our freedom of speech long enough to complain about it once in a while.

But we haven't noticed the price of courtesy going up—and there is no reason why politeness should be rationed. Maybe a woman who has her heart set on a pound of butter won't find a few kind words exactly an adequate substitute, but they might help.

It seems to us that the merchants and mercantile employees who minister to the needs of a community have a worthy job to do. Too worthy to be cheapened by trite insults to the intellect of their customers.

After all, it's still the customer's dollar which he or she is exchanging for commodities or service. The buyer still has a right to determine what his money shall be spent for. And it is noticeable that merchants who own or operate their own establishments still retain their pre-war consideration for their customers. It's sound business sense. Wars pass, but buyers have long memories.

Likewise, customers would do well to remember that merchants are harassed by a multitude of worries these days, too, and are doing, everything considered, a pretty fine job of caring for the needs of the public.

There are no point restrictions on common decency or politeness. And in these times, when many persons have a fairly heavy load of cares, their value is sometimes greater than gold.

* * *

Still far and away our favorite war song—"Praise the Lord and Pass the Ammunition."

WILMOT

Mr. and Mrs. Alex Schubert were guests Saturday of Mr. and Mrs. Homer Clark at Richmond.

Barbara Schubert, Rose Schenning and Rose Seitz are quarantined with chicken pox. There are nine cases in the primary room of the Wilmot Grade school.

Blair and Eugene Wilber, of Milwaukee, were weekend guests of their aunt, Mrs. Frank Burroughs.

Mr. and Mrs. Ray Bafton spent Sunday with Mrs. Margaret Bafton in Kenosha.

Bessie Barnes and her dancing class group in ballet, are to attend the Ballet Russe at the Civic opera house in Chicago next Sunday. A number of the students' parents will accompany them.

Mrs. Hattie Pacey is holding a sale of her farm goods and stock and some household articles at her farm south of the village on Thursday, Oct. 21.

Virginia Neumann of Burlington is enjoying a two weeks' vacation with her parents, Mr. and Mrs. Gus Neumann.

Sunday guests of the Rev. and Mrs. R. P. Otto were Rev. and Mrs. Carl Otto, Carl Otto, Jr., of Wauwatosa, and Miss Marjorie Duse, a teacher in Junior High School system at Elkhorn.

Sunday school will be held at nine o'clock and worship at ten on Sunday morning at the Peace Lutheran church.

Mrs. William and Elmer Stensil attended a miscellaneous shower for Miss Addie Davis at the latter's home in Fox River Sunday afternoon.

Mr. and Mrs. Elmer Rasch accompanied friends to Fort Atkinson for the day, Saturday.

Mrs. Minnie Herrick and Barbara Rasmussen, were out from Chicago for the week-end.

Guests at the Pagel home during the week-end were Mr. and Mrs. Elmer Frank, Bristol, Ernest Grulich, Salem, and Mr. and Mrs. Albert Bisio, and daughters from Kenosha.

The Misses Marion Rhodes and June Cordell of the Wilmot Grade school faculty were hostesses Tuesday evening at a card party for the benefit of the Wilmot Mothers' club.

Sgt. Ray Wertz has written relatives that he is stationed somewhere in England.

Mrs. Lynne Sherman attended Church Circle at Genoa City on Tuesday. During the week-end she entertained for Mr. and Mrs. Fred Lent of Genoa City and Mr. and Mrs. Wayne Tilton and family of Burlington. Sunday the Tiltons visited the former's brother, Charles, who is ill and has been a patient at the Great Lakes hospital for a number of weeks.

Mr. and Mrs. Frank Kruckman visited Sunday with Mr. and Mrs. Earl Hyde and Mr. and Mrs. Lou Cole at Crystal Lake.

Richard Bauman, Milwaukee, was a week-end guest of his parents, Mr. and Mrs. George Higgins.

Harry McDougall attended a meeting of Allis Chalmers Implement dealers at Madison on Wednesday.

Mr. and Mrs. David Kimball spent

Sunday with Mrs. Max Miller at Genoa City.

Mrs. Pearl Harrison who spent the past several weeks at the home of her uncle, George Faulkner, has returned to her home at Lake Geneva.

Mrs. James Montgomery, Wisconsin Dells, is a guest at the Carey home this week and attended a family dinner for Pte. Gene Dobyns at McHenry with the Misses Carey on Sunday.

Mrs. Roy Swartz is teaching in the upper room of the Twin Lakes Grade school.

Funeral services for Joseph Gallagher were held at the Holy Name church at 9:30 on Tuesday morning. Burial was in the family plot in the Holy Name cemetery.

Carl Saterston has started the found-

Mrs. William Harm and John Grabow were dinner guests Sunday of Mr. and Mrs. Herman Frank.

Mr. and Mrs. George Hilbert, Rockford, spent Sunday with Mrs. George Dowell and Sylvia. Mrs. Thomas Madden accompanied them and visited with Mrs. Mary Harns at English Prairie. Mrs. Madden has received word that her husband, Thomas, a member of the Seabees, has an arm injury and has been returned to California from the South Pacific area for treatment.

Melvin Harm, Darlene and Miss Lorraine Rainbow were at the Madison general hospital on Sunday to visit Mrs. Harm who is a patient there.

Carl Saterston has started the found-

SPEED YOUR WAR BOND PURCHASES—SPEED THE DAY OF VICTORY
R & J CHEVROLET SALES Antioch, Illinois

How many boys from ANTIOCH won't come back?

NOBODY knows the exact number. Nobody. But—
The number who do come back—on their own two feet instead of in a flag-draped box—will be in exact proportion to the job we do here at home.

For every minute that we can help shorten the war will mean more lives saved. (213 Americans were killed in the final day of the last war, and 1,114 were wounded before the 11:00 o'clock Armistice took effect.)

Now one way all of us can help shorten the war is to tighten our belts and buy more War Bonds. Yes, still more. And . . .

If you think you're buying all the War Bonds you are able to, imagine—for a minute—that it's after the war . . .

. . . you're standing at the station . . . a bunch of home-town boys, still in uniform, climb off the train . . . one of them kisses his wife and grabs his kid in his arms . . .

. . . and then he turns to a young woman beside them, a girl who looks like his wife's sister, and you overhear him say . . .

"Catherine, I don't know how to tell you how sorry I am . . . it's such a shame about Joe . . . it makes me sick all over when I think how he'd be here today if the war had only ended a week sooner."

Think it over. Can't you buy a few more War Bonds to help end the war that week or month sooner? Sure, it may mean giving up something, but what's that compared to what they're giving up? And remember, always—The money you "can't spare" may spare a soldier's life!

KEEP ON BACKING THE ATTACK!

SOCIETY EVENTS

FOUR GENERATION REUNION PLANNED

A four-generation family reunion, and the celebration of four birthday anniversaries will be participated in by Mrs. Agnes Dunn of Antioch, Sunday in the home of her son, George Winchell, in Milwaukee. Mrs. Dunn left for Milwaukee on the Wednesday evening train, to spend a week visiting there.

The four generations will include Mrs. Dunn; George Winchell; Mrs. Paul Phetteplace (Patsy Winchell), and the Phetteplaces' four children. The birthday anniversaries to be observed include Maurine Winchell's, Oct. 24; Jerome Winchell's, Nov. 4; Mrs. Agnes Dunn's, Nov. 5, and Paul Phetteplace's, early in November.

H. S. P. T. A. ELECTS NEW TREASURER

Officers elected at the opening meeting of the Antioch Township High School Parent Teacher association Monday evening in the schoolhouse included Mrs. A. P. Bratrude, treasurer; Mrs. George Good and Mrs. Arthur Trieger, delegates to the Lake County P. T. A. council.

Mrs. Bratrude succeeds Mrs. William Jones, who resigned when the family moved to a new home near Wadsworth.

T. R. Birkhead, principal of the high school, was introduced to the gathering by Mrs. Irving Elms, president, and he in turn presented new members of the teaching staff.

In addition to a social hour and business session, the program enjoyed by the 40 P. T. A. members present included musical selections by the high school students.

LAKE REGION UNIT HEARS TALK ON MENDING METHODS

Lake Region unit of the Home Bureau will furnish cookies for the U. S. O. in Waukegan the week of Dec. 13. It was voted at a meeting Wednesday evening in the home of Mrs. M. C. Cain, North Main street.

"Mending by Hand" was discussed by Mrs. Frank Granus, and "Mending by Machine" by Mrs. Homer White. Mrs. Roy Crichton spoke on "Our World Neighbors." A "white elephant" sale was held.

The next meeting will be held in the home of Mrs. Walter Hall, Nov. 17. Mrs. Helen Volk, Home Adviser, will give the lesson on "The Family and the Community" and a local leader is to have charge of a discussion on "Home and World Affairs."

COMMUNITY CLUB TO HAVE 'MEN'S NIGHT'

The gentlemen will pour the tea—or coffee—when refreshments are served at the card party to be held by the Channel Lake Community club next Tuesday evening, in the Channel Lake school. "Men's Night" will be observed, and the men will be in charge of all details of the card party and the serving of refreshments.

BIRTHDAY PARTY HONORS MRS. MURRIE

Mr. and Mrs. John Wallis Murrie entertained at a dinner party at their home in Salem Wednesday evening in honor of Mrs. Roy L. Murrie's birthday anniversary. Guests included Mr. and Mrs. Roy L. Murrie and Mr. and Mrs. Lloyd Murrie and son Michael of Antioch.

Birth

Mr. and Mrs. Robert Mortensen became the parents of a daughter, Merry Colleen, Oct. 9, at St. Therese hospital, Waukegan. This is their second child. The Mortensens' other child is a boy.

Mr. and Mrs. Harold E. Pullen of Lake Villa are the parents of a son born Oct. 17 at St. Therese hospital.

Cards! Bunco! Refreshments!—St. Peter's parish hall, auspices Altar and Rosary society, Monday 8 p. m. Bridge, 500, pinocle. Admission, 35 cents.

Mrs. Burt Anderson and two daughters, Penny Elizabeth and Kay Frances, have just returned from spending a few days in Oak Park as guest of Mrs. Elizabeth Merrill and daughter, Harriet.

Pinocle, bridge and five hundred will be played at the card party the Antioch Grade School Parent Teacher association will sponsor Tuesday evening at 8 o'clock in the schoolhouse. Mrs. T. R. Birkhead and Mrs. Roy Kotalk will be the committee. There will be a 35-cent admission charge.

Mr. and Mrs. Elmer Hunter moved into their new home, known as "The China place," and also as "the old Savage home," on Harden street last Thursday. Before purchasing their new place, they had lived in one of the Osmond houses on Orchard street.

Mrs. Irving Elms accompanied her cousin, Mrs. Kenneth Stockton of Mankato, Minn., to Chicago Wednesday morning to meet Lt. Stockton, who is on leave from the Army post at Fort Sill, Okla. Mrs. Stockton has been visiting her parents, Mr. and Mrs. Charles Oetting, at Trevor, Wis., during the past week. She and Lt. Stockton will spend a few days of his leave there before going to Mankato. A marriage license has been issued to Mr. and Mrs. Herbert Wilton and Ruth Hughes, both of Antioch.

Mr. and Mrs. Neil Bergen of Chicago were guests of Mr. and Mrs. Boyer Nelson on Sunday.

CHRISTIAN SCIENCE CHURCHES

"Doctrine of Atonement" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 17.

The Golden Text was, "Thomas saith unto him, Lord, we know not whether thou beest; and how can we know the way? Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me" (John 14: 5, 6).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Grace be to you and peace from God the Father, and from our Lord Jesus Christ, Who gave himself for our sins, that he might deliver us from all iniquity, and to himself purify unto himself a peculiar people, zealous of good works." (Titus 2: 11-14).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Scriptures," by Mary Baker Eddy: "Man cannot exceed divine Love, and so atone for himself. Even Christ cannot reconcile Truth to error, for Truth and error are irreconcilable. Jesus aided in reconciling man to God by giving man a truer sense of Love, the divine Principle of Jesus' teachings, and this truer sense of Love releases man from the law of matter, sin, and death by the law of Spirit—the law of divine Love" (p. 19).

Locker Plants

Recent government surveys reveal 4,500 locker plants located in 40 states, handling about a half-billion pounds of meat, poultry, fruit and vegetables a year. Most of the plants are concentrated in the Middle West and Pacific Northwest, with Iowa, at 359, and Washington, at 375, topping the list. Of the million families served about three-quarters are farmers.

U. S. Canals

U. S. canals total about 4,000 miles, though many—including the James river canal in Virginia, the Miami canal between Toledo and Cincinnati, and the Chesapeake and Ohio from Washington, D. C., to Cumberland, Md.—are now obsolete. Our canals have never been used for commerce as much as those of European countries.

Oil in England

Old history books mention oil in England in 1667. Seepages of oil in coal mines have been common. The most productive of these, found in 1847 at Alfreton in Derbyshire, dwindled to nothing after yielding seven to ten barrels a day for more than a year. This oil was refined into lamp oil, lubricating oil and candle wax.

Buy War Bonds and Stamps.

Personals

Cards! Bunco! Refreshments!

St. Peter's parish hall, auspices Altar and Rosary society, Monday 8 p. m. Bridge, 500, pinocle. Admission, 35 cents.

Mrs. Lester Nelson is confined to her home by sprains and other injuries received in a fall a week or two ago.

Cornelius Malget of Grass Lake, who has been ill with neuralgia, is reported much improved.

Mrs. Clara Peterson entertained the Triple Three Pinocle club on Oct. 19, serving a one o'clock chicken dinner, after which the usual four games of pinocle were played. The first prize was won by a guest, Mrs. Kate Ilynek, the second going to Mrs. Della Maas and the third prize to the ever lucky winner who also won the double pinocle prize, Mrs. Ida Shun-neson.

Cards! Bunco! Refreshments!

St. Peter's parish hall, auspices Altar and Rosary society, Monday 8 p. m. Bridge, 500, pinocle. Admission, 35 cents.

WILMOT

Union Free High School

Wilmot was defeated by the Racine County Aggies 26-12 Friday afternoon. Mukwonago plays at the home field this Friday night. It will be the homecoming game and will be followed by a dance at the gymnasium. Music for dancing will be furnished by the Bessie Barnes orchestra.

The Junior class has ordered class rings and expect delivery before Christmas.

Ration Book No. 4 will be issued from the high school site Wednesday, Thursday and Friday of this week. Miss Ruth Bosselman is site administrator and any one interested in helping with the registration may get in touch with Miss Bosselman.

Card of Thanks

We wish to thank all our friends and the Royal Neighbors and Wesley Circle for the many kind greetings and good wishes sent to us on the occasion of our marriage Oct. 2. Mr. and Mrs. Peter Brackman.

Need Various Reagents

An important rule for successful stain removal is to apply the right reagent for each kind of stain. Since stains differ in substance, various kinds of reagents are necessary for their safe and complete removal. The wrong treatment may set a stain so that it is impossible to remove it. It is a good plan to test the reagent being used on a sample of cloth or on a hidden part of the garment to be sure that it is not going to change the color of the material.

Britain Wants Oil

The British government's petroleum act of 1934 is highly favorable to authorized prospectors. American equipment for detecting underground reservoirs from the surface and American machinery capable of drilling to two-mile depths are being used. The present war-stimulated hunt for oil in Britain had its counterpart in 1918, when war pressure created an urgent need for a domestic supply.

Small Grain Pasture

Cotton fields are ideal for small grain for pasture because there usually is about three inches of loose top dirt, which makes preparation unnecessary. If picking isn't finished before the pickers with the drill. The drill will not hurt unopened cotton nor will the wheat, oats or barley interfere with later picking, or late picking injure the grain.

Easy to Clean

Synthetic materials like nylon and vinyl are very easy to clean, for they are not harmed by acids or alkalis. Neither are they weakened by water, and, since they take up very little moisture, most stains remain on the surface and are easily washed off. Bleaches may safely be used on nylon and vinyl.

Nurse Chrysanthemums

If your chrysanthemums are too late to bloom before freezing, cut them in the bud stage with long stems; remove lower foliage, plunge the mums into a tub of water and keep in a cool, dark basement; bring to light when ready to use, and re-cut stems to length needed for arrangement.

Industry Expands

Peru's domestic leather industry has expanded until it not only meets the needs of Peru's shoe factories but also produces substantial quantities of leather gloves, handbags, picture frames, hand luggage and book covers.

Fire Prevention

Largely through carelessness, negligence, and ignorance, fire has taken more than 10,000 lives and burned up irreparable materials at the appalling rate of almost \$1,000,000 a day during the past year.

TREVOR

Mrs. Champ Parham was a Kenosha shopper Friday.

Mr. and Mrs. H. J. Beck and daughter, Ingar and Betty May, Racine, spent Sunday with Mrs. Beck's brother and wife, Mr. and Mrs. Alfred Dahl.

Week-end visitors and Sunday dinner guests at the Charles Oetting home were Mr. and Mrs. Arthur May and daughter, Virginia, Madison, Mr. and Mrs. Howard Mathews and two sons, Charles and Douglas, Riverside, Ill. Mr. and Mrs. Fritz Oetting and daughter, Carol, Richmond, and Mr. and Mrs. Karl Oetting and son, Cresley, Paddocks Lake.

William Gallart, Salem, visited his daughter, Mrs. Lee Wilson and family, Sunday evening.

Mrs. Irving Elms, Antioch, spent Monday with her cousin, Mrs. Kenneth Stockton.

Charles Runyard, Volo, Ill., spent the day recently with Mr. and Mrs. Daniel Longman. The Longmans' daughter, Mrs. Richard Mason of Milwaukee spent several days the past week with her parents.

Eric Gustafson spent Thursday with his brother at Twin Lakes.

Mr. and Mrs. Thomas Shely and daughter, Shirley, Kenosha, spent Saturday evening at the Harry Dexter home. On Sunday evening Mr. and Mrs. Herman and Mrs. Ida Dexter, Winnetka, were visitors at the Dexter home.

Mrs. Allen Copper and daughter, Frances, and son, Dennis, were Antioch visitors Monday.

Mr. and Mrs. Glenn Pacey and daughter, Lynn Ann, Randall, were Sunday callers at the Champ Parham home. On Monday Mrs. Vida Sheen accompanied Mrs. Parham to Waukegan.

Cpl. Lawrence Hanson, Fredericksburg, Va., is home on a ten day furlough with his mother, Mrs. Minnie Hanson.

Mrs. Howard Grau, daughter, Cynthia Ann, Evanston, spent Wednesday afternoon at the Charles Oetting home.

School children enjoyed a half-holiday Tuesday honoring Columbus day. Ethel Dietrich, Twin Lakes, visited at the Parham home recently.

Mrs. Fred Nolte spent Thursday and Friday in Chicago with her brother and sister.

Mr. and Mrs. Arthur Bushing are on a trip to Orlando, Fla., to visit their aunt, Mrs. Helen Castle.

Eleanor Forster is home for a few days from LaCrosse, Wis., where she is attending school.

What You Buy With WAR BONDS

Torpedo Junction

"Awash amidship!"

"Sparks," the radio operator, has sent his final message from another U-boat victim. The lifeboats are pulling away from the doomed vessel as millions of dollars' worth of food, supplies and munitions settle to the ocean bottom in another allied catastrophe in the Battle of the Atlantic.

Millions of dollars' worth of material that was paid for by the dollars we saved and invested in War Bonds. Thousands of man hours have been lost.

We can have but one answer: work harder, save more and invest more frequently in War Bonds.

U. S. Treasury Department

Cook Them in Jackets

So far as potatoes are concerned, it is far better from the standpoint of nutritive value as well as flavor, to cook them in their jackets and peel them after cooking.

BONDS OVER AMERICA

"If they mean to have war, let it begin here," Capt. John Parker cautioned his 60 Minute men on Lexington Green, just before they fired "the shot heard round the world."

News of the Boys

(continued from page 1)

States. It is really a pleasure receiving the News. As one boy in the service put it, "I even read the ads. Well, I do the same."

"It is good to read how well Antioch is doing in the war bond drive. That is the only way we are going to win this war. Now is the time for us to 'give out' as much as possible. A let down now would be a catastrophe."

"I had the pleasure of meeting Rodney Jacobs down here. It was a great thing to see someone from home. I know Rodney has done a wonderful job, of which I suppose you are all aware."

Editor's Note: Rodney L. Jacobs, MM 1/c, is stationed at a Naval Operations Base, in the Atlantic area.)

"My activities have been the same throughout the past seven months. I am still in command of a sub-chaser, one of those boats they call 'duck and dive' in the service."

"Be sure to say 'hello' to everyone from me."

-V-

In spite of the big fish he has caught during the year and a half he has been on duty in the Pacific area, he'd still rather be pulling 'em in at Grass Lake, Arthur A. Mikol, Y 3/c, who is on duty on an aircraft carrier, writes to his sister, Mrs. Flore Mazzone, Route 1.

-V-

Mrs. Phil Blanski has received word that her nephew, Pvt. Charles J. Smith, underwent an appendicitis operation "somewhere in Australia" Sept. 16, but is now feeling fine; says his appetite is good, and so is the food.

-V-

Walter Calhoun, A/C, of Lake Villa, sends a word of greeting.

-V-

Cpl. Allen D. Ilanke is now stationed "somewhere in England."

-V-

Pvt. Leslie A. Ilanke, who is at Camp Grant, was visited Sunday afternoon by Mrs. Nellie Ilanke, Betty Ilanke and Mr. and Mrs. Clifford Gartley. Leslie expects to be transferred soon.

True Tranquillity

It is sometimes said that this is an age of noise, and it is probable that never before have there been so many agencies through which sound is disseminated. The noise of traffic, the roar of aircraft, even the boom of guns and the explosion of bombs, have become commonplace in the daily experience of countless people; while in many factories the workers live in an incessant reverberation. What wonder that men long for quiet, as perhaps never before!

This reaching out for quiet is, however, but a symbol of the longing of the human heart for an anchorage, a place where the strife of conflicting thoughts can be stilled. The desire is not purely a product of wartime conditions, or of the speed and bustle of modern life, for long ago Job cried (23:3), "Oh that I knew where I might find him!" And almost as an answer to Job's anguished call, Elihu declared (34:29), "When he giveth quietness, who then can make trouble?"

The quietness which God gives is a mental condition, not just an absence of material sound; it springs from a complete reliance on God, a rest in His love. Jesus attained this true tranquillity during many solitary periods spent in communion with his Father; and he brought it with him into the crowded hours of his day. When he was thronged by the people who pressed upon him for healing, it gave him poise and authority to overcome the ill which were presented so vividly to him.

Can we, too, gain this serenity of heart amid all the pictures of fear and danger, amid the noise and turmoil of these latter days?

The prophet Isaiah depicts God as saying (32:18), "My people shall dwell in a peaceable habitation, and in sure dwellings, and in quiet resting places." Surely this indicates a mental sojourning in the "secret place of the most High," a confidence in the all-embracing love of God. Such quietness and restfulness of thought in an individual brings him comfort to those with whom he comes in contact, so that to them also the clamor of material living becomes fainter and less insistent.

In "Retrospection and Introspection" Mary Baker Eddy has written (p. 93), "The best spiritual type of Christly method for uplifting human thought and imparting divine Truth, is stationary power, stillness, and strength; and when this spiritual ideal is made our own, it becomes the model for human action." Spiritual power, not located in one place, but filling all space, is the source from which we draw strength, and that stillness in which we recognize the presence of God. This recognition makes one willing to leave all in His keeping, happy and content to see His purpose being worked out in human action. We must, however, make this spiritual ideal our own, not take it on trust from another's experience; and to do this the urgings of material sense must be silenced, and we must strive for that listening attitude of thought which can receive each indication of the Father's will. Thus quietly, yet confidently, we may expect to hear the needed direction, and rest satisfied.

-The Christian Science Monitor.

SEQUIOIT NEWS

Edited by Students of Antioch Township High School

Antioch Township High school's football program will come to a close Oct. 30 with a game at Palatine, there. The homecoming game with Northbrook here will be held Oct. 22. Grant Township High school (Fox Lake) scored over Antioch 26-13 in a game there last Saturday.

Jazz Band Practice Gets Under Way

The jazz band is off for a good start again this year, with practice twice a week. It has started off with a few new popular pieces of music Director Innes Von Holwede bought earlier in the year.

There are three new members Mary Jean Maplethorpe, June Kull, and Joe Nader. Mary Jean and Joe are taking the spotlight which Johnny Meyer previously occupied. June is playing the bass fiddle in place of "Bud" Maplethorpe, who played last year.

The band hopes to make several appearances this year, with some prominent singers.

Louise Elms Heads Pep Club Officers

(By Bittie Maye Runyard)

The Pep club, whose purpose is to keep the cheers "rollin'" at football and basketball games, and build up morale in general, has elected as its '43-44 officers Shirley Harness, president; Louise Elms, vice-president, and Carol Ruth Upton, secretary-treasurer.

Last year members chose Miss D. M. Culliton and Coach Wolfenbarger for advisers. Albert Kroll took over as co-sponsor when Coach Wolfenbarger joined the Navy. This year Miss Culliton and Mr. Kroll are again serving as advisers, much to the joy of the entire membership.

A committee appointed at the last meeting is now at work on a constitution for the club.

Junior Class Has Candy Sale

The junior class is selling candy bars after school under the advisement of Miss Bullis and Miss Culliton. There are two students each week in charge of the selling.

Listen to Morgenthau-Marshall Tell Power of Payroll Savings!

Washington, D.C.—How important is the average worker's war bond purchases out of his pay every payday in the grand strategy of the Allied High Command? Does the extent of his or her War Bond allotment have a part in determining when, where and the strength of our military blows?

Any worker listening in on a recent conversation between General George C. Marshall, President Roosevelt's Chief of Staff, and Secretary of the Treasury Henry Morgenthau, Jr., learned the answers to these questions.

Said General Marshall: "Mr. Secretary, I want you to answer a question for me and to answer it with complete frankness: Can we military leaders plan to fight this war in an orderly way—in the surest and most effective manner—or must we take extraordinary risks for fear the money will not hold out?"

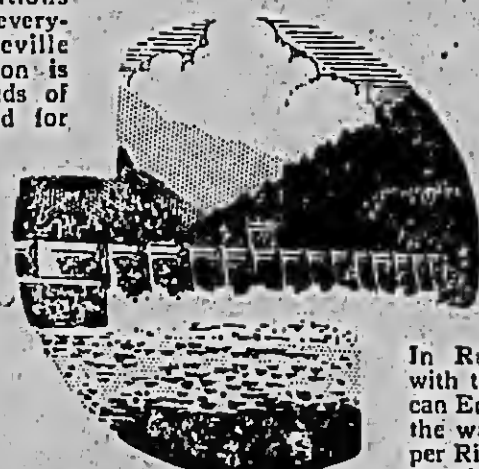

Replied Secretary Morgenthau: "General, the American public will take care of that. What they have done in the Second War Loan drive—the money they have produced and the spirit they have shown—is proof enough for me that they will not let our fighters suffer from lack of support until we achieve complete victory, no matter how long that may be for how much it may cost."

Up your War Bond allotment out of your wages today. Figure it out for yourself how much above 10 per cent it should be.

BONDS OVER AMERICA

For years our government has worked to improve conditions for our citizens everywhere. Bonneville Dam in Oregon is one of hundreds of projects erected for our benefit.

Bonneville Dam

Keep in Step Buy War Bonds

In Russia the Soviets with the help of American Engineers harnessed the waters of the Dnieper River. Hitler's Huns marched in and the Russians destroyed their greatest work of this generation.

"Back The Attack"

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D., of the Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for October 24

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

HONORING OUR PARENTS

LESSON TEXT—Exodus 20:12; Luke 2:48; Mark 7:6-13; John 19:23-27. GOLDEN TEXT—Children, obey your parents in the Lord; for this is right.—Ephesians 6:1.

Right relations between children and parents have much to do with the peace and prosperity of a community and a nation. Experience has demonstrated that to be true, but even more basic is the fact that it is in accord with the promise of God.

One of the bad breakdowns in modern life is that of proper honor and obedience to parents by children. In all too many homes God's order has been reversed and instead of honoring and obeying their parents, children (both young and old) have taken the place of "boss," and mother and father must obey if they want peace and rest.

The need for our lesson of today is both great and acute. The future happiness of hundreds of thousands of children and the present welfare of thousands of neglected and boss-ridden parents will depend on the intelligence and faithfulness with which this lesson is taught in our churches, and the honesty of heart with which we all receive its truth.

I. The Command and Promise (Exod. 20:12).

We are told by Paul that this is the "first commandment with promise" (Eph. 6:1-3). The Lord was not making a bargain with man, or seeking to draw out obedience by a prize, but there is obviously a great reward in the observing of this commandment.

Then, too, as the children of God (if we are such) through Jesus Christ, the first and most important consideration to come before us is, What is the mind and will of the Maker of us all regarding this matter of the relation between parents and children? His words are plain—we are to "honor" our fathers and our mothers.

The word "honor" carries with it a great many things, but perhaps the three outstanding elements are respect, obedience, and affection. Our Lord Jesus Christ, who is the Saviour and then the Example of believers, presents a beautiful pattern of true obedience to this commandment.

II. Willing Obedience (Luke 2:48-51; John 19:23-27).

The fact that Jesus was God manifested in the flesh only enhanced His conduct. He who is divine presents an example of obedience and consideration both as boy and man which we do well to emulate.

1. As a Boy (Luke 2:48-51). The boy Jesus, increasing "in wisdom and stature, and in favor with God and man" (v. 52), had come to His twelfth year and with His parents had gone up to Jerusalem to celebrate the Passover.

There moved in His heart the conviction that He must now be about His Father's business—an altogether proper and commendable purpose, but one which resulted for the moment in separation from His parents. This was far more serious than a physical separation, for we read that they did not understand Him (v. 50).

Tragic indeed are the consequences of our failure to understand our children. Notice, however, that Jesus did not withdraw Himself from their watchful care, nor refuse to obey them even though they failed to understand Him. Equally tragic are the results of hasty and bitter separations brought about by the disobedience of children.

2. As a Man (John 19:23-27). The value of our lesson will be greatly reduced if we see only the responsibility of children while they are young. We are the children of our parents as long as we and they live.

One marvels at the carelessness and hardness of heart that will permit men and women who have time and money for everything else, to neglect their aged parents and even shunt them off into a public institution for care.

III. Hypocritical Disobedience (Mark 7:6-13).

Such an important commandment naturally held a high place in the thinking of the community. To violate it involved a measure of shame which men sought to avoid. So the Jews of Christ's day devised a scheme which made it possible for a man to appear to be very religious even as he deprived his parents of the honor and help to which they were entitled by the law of God.

The man who was so avaricious that he did not wish to support his aged and needy parents could entirely evade that God-given responsibility by declaring that his property was "Corban," that is, dedicated by a vow to God. Thereafter no matter how great was the need of his parents they could receive nothing.

Thus do men make "the word of God of none effect" (v. 13) through their traditions. The method differs but the spirit persists even in our day.

Grade School News

Due to cold weather, the Antioch Grade school-Freshman return baseball game scheduled for Saturday was called off.

Alvin McDonald, who has moved here from Wilmot, has been enrolled in the eighth grade.

Fourth and Fifth Grades

Virginia Peterson brought her phonograph to school one day and the pupils enjoyed doing their writing to music.

The Friday music period was in the charge of Sue Scott, Jean Harden and Virginia Peterson.

The following program was enjoyed:

Duet, "Keys of Heaven," Charlene Nelson and Dennis Kennedy. Dance, "Jingle, Jangle, Jingle," Sue Scott, Virginia Peterson and Jean Harden.

Duet, "Roving Cowboy," Joseph Fronels and Pat Quilty.

Joline Gaston has a new baby brother.

Sixth Grade

June Peterson, who has been home for some time, has returned to school. This week school is being held only in the mornings, because of registration of Ration Book No. 4.

Editor's Note: Jeanne Hughes, Marlene Wertz, Nancy Sheehan and Beverly Nelson have sent in samples of compositions "Pumpkins," "Clouds" and other subjects.)

WEEKLY NEWS ANALYSIS

Rains Slow Allied Advance in Italy; Strategic Use of Aircraft Paves Way To Successes in Southwest Pacific; U. S. Food Output Drops 7 Per Cent

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)
Released by Western Newspaper Union.

These Japanese-Americans are shown moving to fighting front in Italy. Recruited in Hawaii, they are loyal to the flag of their adopted country.

ITALY: Slowed by Rains

With rain swelling the normally shallow and narrow Volturno river into a raging torrent, and the downpours bogging down movement of heavy equipment, fighting in Italy was slowed.

As the first rays of sunshine began to peep through, however, Lieut. Gen. Mark Clark's Fifth army was organized for assault of German positions across the Volturno as artillery fire laid down a cover of shells.

To the east, Gen. Bernard Montgomery's Eighth army faced difficult going. Besides clinging stubbornly to mountain positions, the Germans rushed an armored division to this sector to help delay the British by fighting in the open plains, which lie between the rugged heights.

In declaring war on Germany, the government of King Victor Emmanuel of Italy was given status as co-belligerent by the Allies, that is, partnership in the actual fighting, but not in political councils. To assist the Italians in the fight, the Allies were reported ready to supply materials and extend lend-lease aid.

SOUTHWEST PACIFIC: Make Use of Air

The part aircraft is playing in the jungle and mountain warfare in the Southwest Pacific has been brought to light with accounts of the Allies' steady march northward in New Guinea.

With the thick growth and rocky terrain making overland travel slow and difficult, air transports have been flying over these obstacles to land troops close to Jap bases. After disembarking the troops, the transports then take off to return again with supplies with which to carry on the battle.

Because of this strategic use of the air, the Allies have cleared better than half of the eastern coast of New Guinea, and now are slowly driving further northward toward the important Jap airplane base of Wewak, from which the enemy have been sending fighters and bombers against Allied positions.

RUSSIA:

Cross Dnieper

Germany's whole Dnieper river line was threatened with Russian troops fighting in force on two sectors of the western bank of the broad waterway.

It was this line that Hitler ordered held at all costs, and German generals counter-attacked the Russians in force, with the intention of smashing the Reds before they could develop their drives and leave them too weak to carry on a major offensive.

In the north, the Reds pressed against the German fortress of Vitebsk, key to the Nazis' defensive system in the Baltic states. The Reds reportedly massed great strength in the region, since a big breakthrough would not only open the gates to the Baltic states, but also cut off Nazi land communication with Leningrad, and put the Russians at the German rear.

MISCELLANY:

IMPLEMENTS: Output of farm machinery will be doubled in 1944 under government permission, according to Lee Marshall, director of materials in the War Funds administration. Rationing will be abolished on two-thirds of the 91 farm machinery items now on the list, and distribution controls on the entire list will be "cut in half." Tractors will continue to be rationed.

CROPS: 7% Under '42

Despite a 12 per cent rise in the volume of livestock, poultry and eggs, U. S. food production in 1943 is expected to drop 7 per cent below last year. Because of a scarcity of feed grains, however, animals will not be finished off as customarily.

Corn production is estimated at 3,055,605,000 bushels against 3,175,154,000 last year; wheat 335,816,000 bushels against 331,327,000; oats 1,143,892,000 bushels against 1,339,730,000; and barley 336,212,000 bushels against 426,150,000. At 115,000,000 tons, feed grain output would be about 9,000,000 tons below 1942.

Although soybean production, at 205,000,000 bushels, is expected to drop slightly below last year, the department of agriculture is looking forward to bumper crops of potatoes, rice, beans, peas and peanuts. Oilseeds should equal last year's yields.

Good weather in September enabled farmers to speed harvesting of late crops. Outside of the corn belt, many beans intended for harvest were cut for hay, partly because of drought damage and partly to increase ordinary fodder.

Food to Allies

During the first eight months of 1943, the U. S. has shipped more than seven billion pounds of food to its Allies under lend-lease, of which the British empire received 69 per cent and Russia 23 per cent.

Of the total amount of food sent abroad, shipments of pork represented 15 per cent of our total supply; lamb and mutton 12 per cent of supply, and beef and veal, 1 per cent.

Shipments of cheese totaled 11 per cent of supply; milk products 3 per cent; butter, 1 per cent; dried beans and peas 11 per cent; dried fruits 21 per cent, and canned fruits and vegetables, 1 per cent.

In all, 9 per cent of our total food supply was shipped during the first eight months, compared with 6 per cent last year.

LABOR:

Back to Fold

Six hundred forty-five thousand miners were ready to return to the ranks of the American Federation of Labor upon the AFL's acceptance of John L. Lewis' application for re-entrance.

The United Mine Workers' return to the AFL, however, rested upon final settlement of the AFL's demand that the UMW's District 50 withdraw from organizing workers in other fields in which the AFL already has unions.

In leading his 645,000 miners back into the AFL fold, Lewis completed a historic chapter in U. S. labor history, which first saw him leave the AFL to organize the CIO on the principle of unionizing all workers within an industry, and then quit it because of political differences.

Although Lewis' plea for readmittance highlighted the AFL convention in Boston, the Negroes' demand for full membership in AFL unions threw the meeting into a turmoil. No action was taken, however.

CIVILIAN GOODS:

May Make More

Because production schedules for some types of military and naval equipment can be reduced and the favorable turn in Allied fortunes in Europe will allow army and navy officials to plan their needs more accurately, an appreciable percentage of American industry may be reconverted to the manufacture of civilian goods. The announcement followed reports of overproduction of some material.

CHINESE:

Could Come to U. S.

Repeal of the exclusion laws forbidding immigration of Chinese into this country, and the granting of citizenship to Chinese who might immigrate or who already reside in the U. S., was advocated by President Roosevelt as the house prepared to act on a measure providing the Chinese with these privileges.

The President said that quotas would allow 105 Chinese to immigrate to the U. S. annually, and, he added, "there can be no reasonable apprehension that any such number of immigrants will cause unemployment or competition in the search for jobs." At the present, foreign born Chinese cannot obtain citizenship in the U. S., and there are 37,242 of them here.

Congress should repeal the exclusion laws, President Roosevelt said, "as another meaningful display of friendship for a gallant ally."

GAS:

Western Rations Cut

Because military requirements total 43 per cent of their gasoline consumption, the value of A, B and C gas ration coupons in ten far western states were cut from four to three gallons.

This compares with two gallons for B and C coupons in other areas. Hint of further cut in the far western ration was dropped with the prediction that military requirements would approximate 52 per cent of the section's consumption in 1944.

Pipes Move Oil

Over 9,277 miles of pipe lines are now moving crude oil to refineries, with over 350,000 barrels being delivered daily to the Atlantic seaboard.

Made necessary by military use of the tankers which once supplied the East with most of its oil, total mileage of pipe lines will reach 10,688 when the 256 million dollar construction program is completed.

Besides laying of new pipe, the direction of oil flow over 3,000 miles of pipe line was reversed, and more

than 2,700 miles of old pipe was dug up and moved to new locations. By the summer of 1944, it is expected that over 700,000 barrels of oil will move daily through the lines to the East. In the celebrated "big inch" pipe line, the oil flows at a speed of 4 1/2 miles per hour.

Pays Off With Pork

When the recent bond drive got under way, Governor Dwight Griswold of Nebraska (with hand on pig in picture) bet other governors that his state would beat theirs in exceeding its quota.

Griswold lost his bet, however, and here is shown attending a 1-11 auction in Omaha, bidding for hogs with which to pay off his wagers.

In payment of one bet, Griswold sent a fancy porker to Governor John C. Vivian of Colorado. But much to Governor Vivian's dismay, he discovered that he would have to surrender 700 ration points, equal to 20 weeks' supply, to have the hog butchered.

Buy War Bonds and Stamps.

HOGS:

Hit Ceiling

Even though the government estimated 1943 spring pig production at 74,050,000, marketings at 27 federal-inspected packing plants during the first week of price ceilings totaled 578,057, or only 0.78 per cent of the number of hogs on farms.

During the same period, practically all types of hogs brought the \$14.75 top. The same condition prevailed under the ceiling began, with only younger pigs, some thin sows and some heavy stags and boars dropping below the \$14.75 mark.

The 1943 spring pig production compared with 61,013,000 in 1942 and 49,234,000 in 1941.

PAPER:

Future Cuts Possible

Newspapers and other users of wood pulp paper will be reduced to 48 per cent of their present supplies next year unless the pulpwood industry can obtain additional labor, a group of American, Canadian and British paper leaders declared.

The committee advanced two proposals, the first restricting printing and wrapping papers to 52 per cent of their 1943 quotas, and the other trimming all paper usage.

Easy to Can

Tomatoes are usually considered one of the easiest of vegetables to can as they have an acid juice, even keep as well as do most fruits, even without pressure canning. Sweet corn, on the other hand, is considered one of the most difficult of vegetables to can; but if it is handled quickly and canned in a pressure cooker, corn keeps well.

A quick lesson on HOW TO STRETCH THE LIFE OF YOUR ELECTRIC CORDS

1. Don't play "tag of war" when you pull out an electric cord. Take a firm grasp on the plug itself, and pull it out. Never yank the plug from the outlet by using the cord as a handle.

2. When you're finished with appliances that have a detachable cord—your iron, coffee maker, toaster and other appliances—pull the wall plug out first, then the appliance plug.

3. Hang the cord loosely coiled over two hooks, and be sure it is free of knots or kinks. Avoid bending the cord in the same place each time, and the insulation will last longer.

4. Don't "run" cords under rugs, where they will be subjected to the hard wear of walking on them. Keep cords away from radiators and steam pipes. Never wrap them around hot appliances.

5. Take care of little troubles before they grow big. When cords become worn or frayed, repair them with friction tape. Bend the prongs of loose-fitting plugs to make them fit securely.

Start today to give your electric cords this wartime care

War production demands for copper and rubber are making it harder and harder to get electric cords. So the cords you now have must last a long time. They are the life-lines of your electric appliances which save you many hours of time and work. Start right now to give your electric cords the proper care.

Electricity has gone to war—don't waste it!

CAN VITAMINS CHANGE
GRAY HAIR?

According to Good Housekeeping tests with Calcium Pantothenate on gray hair:
Age—did not seem to affect results. The earliest response occurred in a 50-year-old; the latest in a 25-year-old.
Color—began to appear near the roots of the hair. The color may not appear all over the head at the same time. Symmetrical areas, perhaps on the temples or the back of the head, may show traces of color first, after which the color will spread to other parts of the head.
Time—varied from 1 month to 6 months.
Results—88% of those tested had positive evidence of a return of some hair color.
Now thousands use GRAYVITA, which contains 10 mgm. of Calcium Pantothenate (the tested amount) PLUS 450 U.S.P. units of Vitamin E. GRAYVITA, 30 day supply, \$1.50, 100 days, \$4.00. Phone, write.
